

RECIPE FOR COOKING UP A HOW-TO ARTICLE

1. **Choose a subject you could teach someone about.**
 - * The subject could be how to play a game, how to make a craft item, or any other topic you feel you have some expertise in.
2. **Think about the steps and ingredients you will need (see worksheet)**
3. Use the information on your worksheet to combine with the following ingredients:
 - * **A Title**
 - * **An Introduction** that tells your reader what you will be explaining -- gently fold in why it is useful to know the information. Remember as you stir your ingredients (information) your reader may not know anything about the activity you are trying to describe/explain.
 - * **Stir in all the ingredients the reader needs to know about your topic.** List all the materials needed to perform the activity and make a list of all the steps needed to perform or complete the activity.
 - * **Add several Tbsp. of spicy words like...**
first, second, third, fourth, now, next, then and finally
4. Optional, but tasty ingredients you could add: hints, drawings or photos
5. Remember to stir in **A Conclusion**.
6. Mix thoroughly (**use ingredients checklist**) and bake in a moderate oven.
